2. In view of the above we wish to use [redacted] as a replacement for [redacted] at [redacted] tour will terminate in June 1960; however, it is desired to have [redacted] spend a couple months in Headquarters before proceeding to the field, and we would like to have him in place in April so that he could have about sixty (60) days overlap with [redacted].

We regret that it will be impossible for his family to travel concurrently with him, but the housing situation prohibits it and the fact that he has three children in school no doubt makes it desirable for the family to remain in their present location until June.
